

7th International Exhibition of Photography **EIRE EXHIBITION 2021**

Fully **PSA** recognised 2021-1171

ORGANISER

Digital Photo Archive Limited, Sligo, Ireland

- The Exhibition will be conducted in accordance with the rules of the PSA
- An entrant's images will not be presented to the judges consecutively. An entrant's four images will be distributed throughout four rounds of judging in that section. Distribution of images will be in the same round order as submitted by the entrant.
- An image may be entered in only one section where acceptances of that image in multiple sections would be eligible for the same star path.

BREACH OF CONDITIONS OF ENTRY

If, at any time, it is determined in the reasonable discretion of the exhibition organizer or the judges before, during, or after the judging of an exhibition that an entrant has submitted entries where one or more images may fail to comply with these Conditions of Entry, including the stated definitions, the exhibition organizers reserve the right to delete the entry from the exhibition and void any or all acceptances or awards in connection with the exhibition. Fees may be forfeited or refunded in these circumstances. The entrant acknowledges that the decision of the exhibition organizers or the judges is final

In order to ensure that images comply with the Conditions of Entry and definitions, the exhibition organizers may carry out reasonable measures to verify that:

- a) the images are the original work of the entrant and
- b) the images comply with the rules and definitions as set out in these Conditions of Entry

These steps include, but are not limited to, questioning any entrant, requiring the submission of RAW files or other digital files representing the original capture of the submitted image(s), confronting the entrant with evidence that one or more submitted images fails to comply with the Conditions of Entry (also known as Entry Rules), and offering the entrant a reasonable opportunity to provide counter evidence to refute the exhibition organizer's evidence by a set deadline. Such entries that are not cleared or are still questionable after the entrant has presented evidence may be considered in breach of these Conditions of Entry, and declined. Such entries may be referred to PSA for further investigation of possible ethics violations

PSA retains the right to investigate in any way all complaints/suspensions of breaches of entry conditions, impose sanctions if deemed necessary, void the acceptances of any image found to violate the PSA rules, include the entrant's name on the list of sanctions provided to Exhibitions, and share such investigations with FIAP. Entrants automatically agree to these terms by the act of entering the Exhibition and agree to cooperate with any investigation.

If another party is submitting images on the entrant's behalf, the entrant will still be held responsible for adhering to these Conditions of Entry (Entry Rules) and will be subject to sanction for any violations to these Conditions of Entry and PSA's Statement of Ethics that may result.

CONDITIONS OF ENTRY

Image Creation

Entries must originate as photographs (image-captures of objects via light sensitivity) made by the entrant on photographic emulsion or acquired digitally.

Certification:

By virtue of submitting an image, the entrant certifies the work as his or her own (.Images may not incorporate elements produced by anyone else (for example: clip art, images or art by others downloaded from the Internet). Aliases are not allowed. The entrant permits the sponsors to reproduce all or part of the entered material free of charge for publication and/or display in media related to the exhibition. This may include low resolution posting on a website. Images may not be constructed entirely with a computer, and must be the sole work of the author

Entry: An Entry consists of, up to and including, four (4) images entered by a single Entrant into the same Section. An entrant may only enter a specific Section once.

Each image must have a unique title. That unique title must be used for entry of that image or of an Identical Image into any and all PSA-Recognized exhibitions. Colour and Monochrome:

Colour and Monochrome images from the same capture that share substantial pictorial content in common will be considered the same image and must be given the same title.

However, PSA members working on Galaxy and Diamond Star Ratings are allowed to continue using different titles of monochrome versions and colour versions of the same capture that have already been accepted until the required number of acceptances for those titles has been completed.

DEFINITIONS

PSA Statement on Subject Matter

There is one hard and fast rule, whose spirit must be observed at all times and **applies to all sections** offered in PSA recognized exhibitions.

The welfare of the subject is more important than the photograph.

This means that practices such as baiting of subjects with a living creature and removal of birds from nests, for the purpose of obtaining a photograph, are highly unethical, and such photographs are not allowed in any PSA exhibitions.

There is also a PSA policy on the use of aerial photography - aircraft, helicopters and drones. This policy can be found at <https://psa-photo.org/index.php?psa-policies#drone>.

The purpose of this policy is to prevent any interference with other individuals or animals which will or may cause a disturbance in their normal activity or disrupt the way any individuals or animals

interact with their environment. Entry in this exhibition requires exhibitors to agree to this and other PSA policies

The content of images must comply with these General Conditions and with the Division and Section definitions listed in these conditions. Images that - in the sole opinion of the judges or the Exhibition Organizers - do not comply are likely to be disqualified so the entrant may be aware of the problem when considering entry into other PSA recognized exhibitions.

PSA Open Projected Image Division PID

The subject matter is unrestricted for PID images in separate colour and monochrome (see below for Monochrome definition) classes.

Woman Definition for PID

The closest definition of Woman section, photography where the only condition is that the subject is female.

Man Definition for PID

The closest definition of Man section, photography where the only condition is that the subject is male.

Child Definition for PID

The closest definition of Child section, photography where the only condition is that the subject is child.

Definition of Creative Photography for PID

The definition of Creative is "Altered Reality." The image may be of any subject matter and must obviously display a change in natural colour, form, shape or any combination of these three. All images must be original and may not incorporate elements produced by anyone else. Artwork or computer graphics generated by the entrant may be incorporated if the original photographic content predominates. Images may not be constructed entirely within a computer.

High Dynamic Range (HDR) images without further changes are not considered "Altered Reality." Original image must be made by entrant on photographic emulsion or captured digitally. All images must be original and may not incorporate elements produced by anyone else. Original images must be altered by the maker; artwork or computer graphics generated by the entrant may be incorporated, if the original photographic content predominates. Images may not be constructed entirely within a computer. Image's core content must be identifiable. Non-creative images are not eligible for this competition. Any subject matter is acceptable as long as the Altered Reality guidelines are apparent.

PSA Open Monochrome Definition for PID

An image is considered to be Monochrome only if it gives the impression of having no colour (i.e. contains only shades of grey which can include pure black and pure white) OR it gives the impression of being a greyscale image that has been toned in one colour across the entire image. (For example by Sepia, red, gold, etc.) A greyscale or multi-coloured image modified or giving the impression of

having been modified by partial toning, multi-toning or by the inclusion of spot colouring does not meet the definition of monochrome and shall be classified as a Colour Work.
